

Thank you for joining us on a 3-day Vision trip. This is not a traditional “mission trip” where a team of people go to another country to “do” something for the nationals. Instead this is an exploratory trip consisting of about 5-8 people to experience firsthand what LoveServes International does and observe ministry already “in action”.

**16,002 adults came to Christ last fiscal year. COME SEE GOD’S WORK** and how He is using LoveServes to do it.

**Our Goal** is to show you a highly effective and efficient ministry that is driven by a powerful vision for true community and spiritual transformation in some of the poorest parts of the Caribbean.

**Purpose of this Trip:** Expose American Believers to a unique ministry that has harnessed Jesus’ simple strategy to build His Kingdom. Eph. 4:12 “Equipping God’s people for works of service...”

**Our Hope** is that you will be inspired by the testimony of the local pastors you will converse with and then become a more active Christian in your home church as well as advocate for LoveServes in your community.
