Releasing Churches...Transforming Communities

## *Our Mission:*

Empowering the local church to transform their community through coaching pastors to apply

***Ephesians 4:12:*** “...equipping God’s people for works of service, for the building up of the Kingdom of Christ...”

# The Need

A renovation of the Church because the majority are spiritually sick and steeped in rules and regulations.

## Our Vision

To provide every church (approx. 6000) in the Dominican Republic the opportunity to be coached & trained to effectively equip their believers to love the "least of these" and make disciples.

Model Jesus while coaching pastors through an 18 month Church health process.

## What We Do:

Teach pastors and leaders their biblical role as equippers versus doing everything themselves. (Eph 4:12)

Train pastors how to equip ALL the believers to use their spiritual gifts and natural abilities to form ministries to meet the greatest needs.

## How We Do It:

Nationals equipping nationals - All coaches are from the Dominican Republic. No language or cultural barriers.

Intense monthly coaching and accountability in regional small groups.

Provide over 40 specialized workshops that heal and grow leaders, equipping them to form ministries to reach the lost.

## Sustainable Leadership:

Pastors and leaders begin leading by example.

Spiritual gifts, talents and abilities identified in the Church to meet the greatest needs.

Pew-sitters are inspired, equipped and motivated to become active ministers.

Impoverished churches are taking ownership of the Great Commission.

Churches are working cross-denominationally to impact their geographical region.

Churches are not dependent on American resources.

Community leaders see a relevant church and are partnering resources for greater impact.
